About Me

I am Sam YeeXuan Ng, a confident and accomplished full-stack developer from Malaysia. With the completion of the Epicode coding course and my current role as a Community Operations Analyst at Covalen, I possess a strong passion for technology and a relentless drive for personal growth. I am eager to apply my diverse skill set and knowledge to exciting projects and opportunities.

Feel free to visit my personal portfolio at <https://samyxng.vercel.app/> to witness my capabilities firsthand.

Experience

Covalen Solutions

Community Operations Analyst

Nov 2019 - Present

Main role is keeping and providing a clean and safe platform to the users:
- Reviewing and testing content on the client's social media platform to protect the community.
- Using policies, guidelines, and workflows, review and analyze a significant volume of data with high accuracy to identify low-effort websites.
- Efficient analysis of workflows and proposing viable solutions to identified inefficiencies.
- Gaining expertise in devising anti-spam strategies.
- Scrutinizing extensive amounts of data to detect patterns and trends on both international and regional scales.
- Act as Point of Contact (POC) of Enforcement Response Team for Asian Pacific team.
- Working with Ad-Hoc Teams from different cultures and markets to complete certain tasks

Cantonese in Ireland (Non-Profit Organization)

Volunteer Career Programme Project Manager

Aug 2023 - Present
